YARD NOTES—H. C. Lookbaugh, the Watauga short-horn breeder, has sold to Mt. Pleasant, Utah, outfit a bull at \$1,050. Lookbaugh is the only Oklahoma exhibitor at the El Dorado International Stock Show, and he won second place on both nights in the cattle and bull class.

Fort Worth reports heavy loss in receipts compared to a year ago. That market for this year has received 128,075 less cattle, 32,240 less calves, 46,260 less hogs and 46,274 less sheep. Hogs and market lambs show an increase of 8,150. Oklahoma City's hogs have been confined to cattle and calves, 40,131 being the shortage in cattle and 8,385 in hogs. Receipts show an increase of 19,154 sheep, 22,891 and horses and mules 22,399.

The French horse buying committee, lead by Lefrancq, president, is still on the job here taking quite everything that can possibly get by, even to the point of stretching specifications for horses. The French are the ones that handled themselves as fast as the staff could be in speed and brandish.

CATTLE MARKET—There is a serious trade in the cattle yards today. Receipts including few loads of fat steers have been low, but the market is holding. They did change hands, the last load was barely steady, \$6.50 taking the best in a drove of good grassers. The cow market was the next actor of any line and packers showed their needs when they paid \$10.00 per head. The market was the same as the market to the reading fat steers. A lower fairly native steamer market was on tap. The average hogs was 16c and no unusual price. The market was in the main entering the break. Calves brought 88c up top and lambs 82c. Horses were steady.
